Dear Professor Peled

re: Wednesday Lunchtime Research Seminar Series

Thank you for your recent kind invitation to the seminar that you gave at Liverpool in October. Unfortunately I was unable to attend at that time, but I would very much like the opportunity to meet. We organise a Wednesday Lunchtime Seminar Series throughout the year, inviting guest speakers from around the UK to share their research with an audience of doctors, researchers and students and would like to enquire if you would kindly be willing to give a presentation for us at one of our research seminars in 2012 when you are in the country.

Our meetings are held in the Lecture Theatre in the Department of Academic Clinical Psychiatry, here at the Longley Centre, Northern General Hospital, Sheffield and I have attached this term's programme for your interest. The programme normally commences at 12.00 noon with a Buffet Lunch (sponsored by a pharmaceutical company). The presentation commences at 12.30 pm and lasts for approximately 50 minutes to 1 hour, including time for questions.

If you are happy to present for us, I would be grateful if you would let my PA Helen Hickson know (h.hickson@sheffield.ac.uk) and she will forward dates for 2012.

I look forward to hearing from you.

Yours sincerely

Professor Peter Woodruff
Professor of Academic Clinical Psychiatry
